Peak periods:

Time: 8–10 AM

Days: Thursday, Friday

4. Total Sales Revenue (Monthly View)

Total sales shown: ~\$698,812

Monthly filter suggests consistent tracking across months

Business generates strong overall revenue

Needs deeper monthly comparison for seasonality

5. Average Price / Order Per Person

Average bill per person: ~\$4.69

Orders per person: ~1.44

Customers typically:

Buy 1–2 items

Spend relatively low → opportunity to upsell

business recommendation:

coffee shop thrives on weekday morning rushes, with strong beverage sales—but growth lies in boosting weekend traffic and increasing per-customer spending.
