Key Insights

- Sales peak during 8–10 AM strong morning rush
- Weekdays (Thu–Fri) perform better than weekends
- Saturday has lowest sales
- Coffee & tea dominate overall revenue
- Customers buy 1–2 items only low average bill
- Preference for regular & large sizes
- Store performance is mostly balanced (one slightly higher)

Business Recommendations

- Increase staff & speed during morning peak hours
- Introduce combo offers (coffee + snack) to boost sales
- Use upselling & size upgrades to increase average bill
- Run weekend discounts/events to improve footfall
- Promote best-selling items more aggressively
- Add seasonal or trendy drinks to attract repeat customers
- Improve afternoon engagement with offers or happy hours
